

Interest Free Finance

IT'S SIMPLE TO APPLY!

- 1. Download the OpenPay App on iTunes or Google Play or visit their Website
- 2. Create an account with a Visa or Mastercard (credit or debit). Ensure the card has at least 6 months before expiry.

HOW DOES IT WORK?

The customer has the choice to pay over 3 months or 4 months and can pay weekly or fortnightly. An initial payment is deducted from the customer's card including:

- √ 20% deposit
- √ \$40 establishment fee
- √ \$2.95 (weekly) or \$3.95 (fortnightly) management fee (per transaction)

Once a plan is selected, we (The Merchant) call you and walk through a 5 minute process to lodge the transaction. Instalments then begin on the selected day within the month. It's that simple!
